Azure 103 Module 4 , Hands On – 15

Verify NSG is applied

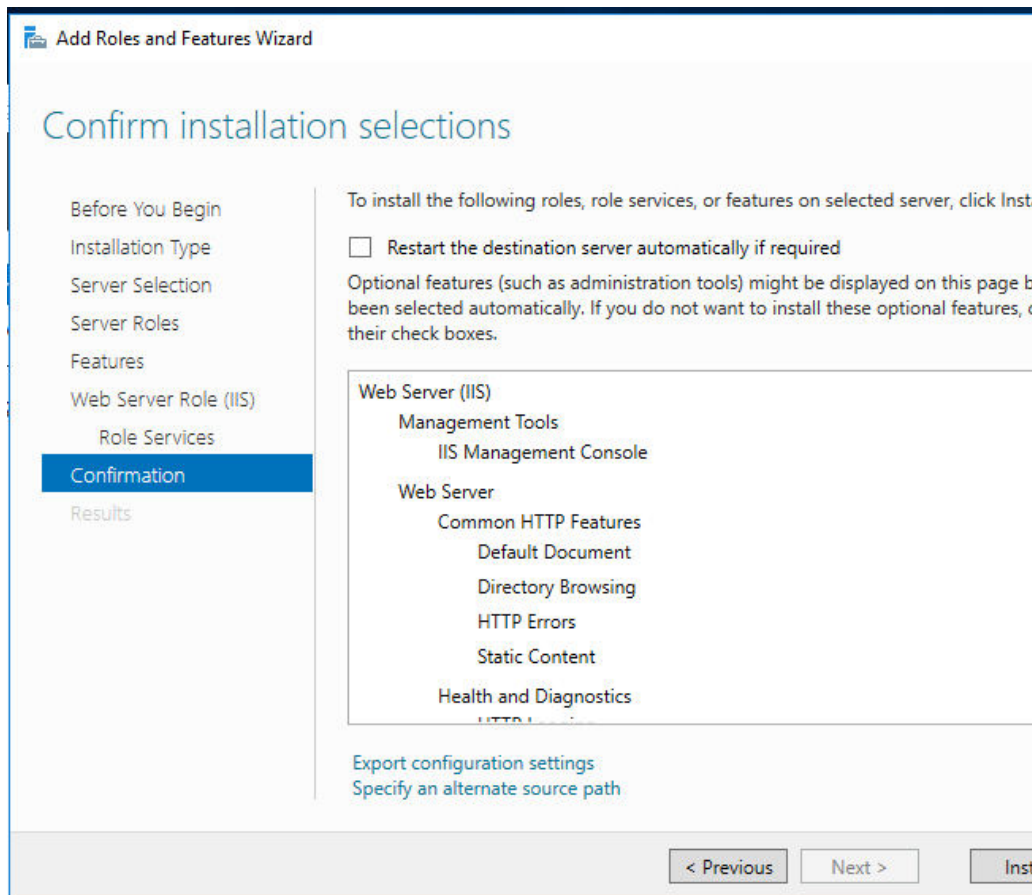

Step 1: Open the VM via RDP and Open sever manager in it and click on Add Roles and Features.

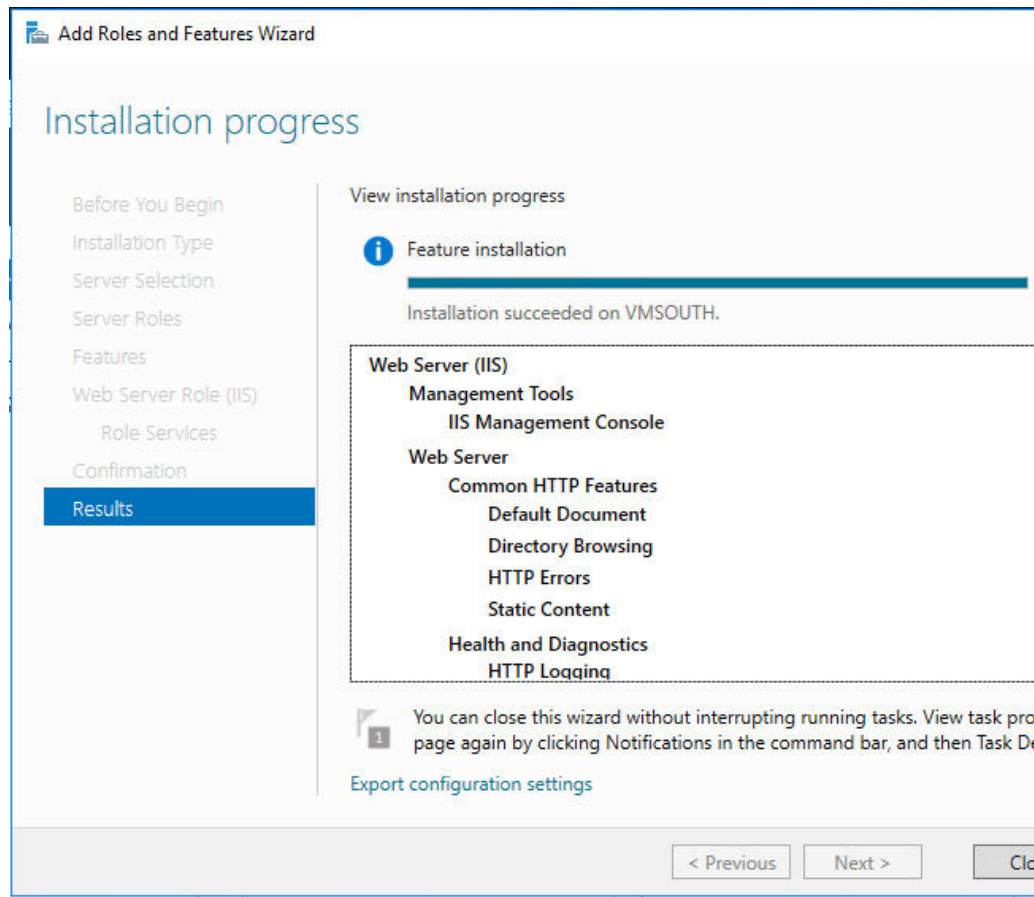

Step 2: Click on next and in server roles section select Web Server IIS.

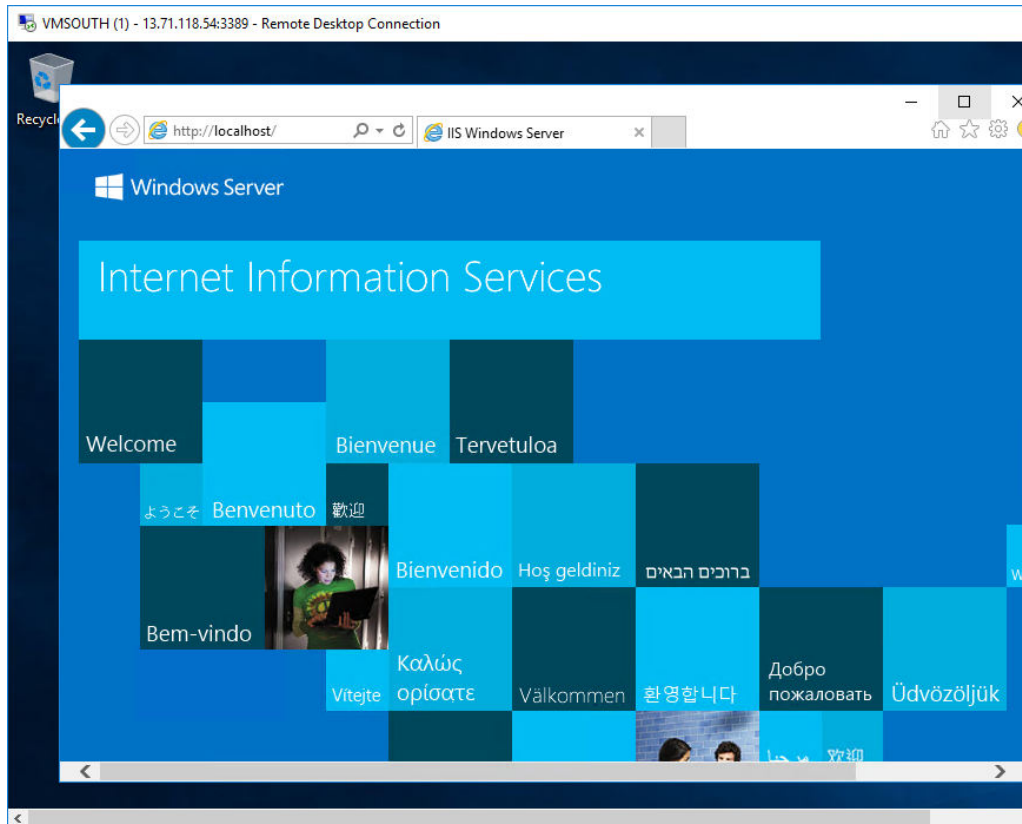

Step 3: Click install.

Step 4: Click Close.

Step 5: Click Open 'localhost' in the VM's web browser'.

Step 6: Now try to access the same NIC Public IP That you were not able to access previously.
